

BAYSHORE GOLF NEWS

Provided by your Bayshore Golf Committee

Fall 2018

Ladies Away Golf:

In July the group was able to enjoy a golf and lunch day at Hawk Island. What a great looking bunch.

Ladies Golf:

This year there were golf clinics for Ladies held in the month of August led by our own Golf Superintendent Jeff Drayton. There were a number of Ladies that participated on the Thursday mornings to brush up on some basic skills and golf etiquette.

In 2019 we are hoping to organize an Away 18 hole League for Women similar to what the Men have on Wednesday mornings. Tentatively it is being planned for Friday mornings. A call out to all Bayshore Ladies will be made in mid April. We will try to get a consensus of what course we should begin with or whether to rotate courses. If you are interested please talk it up amongst yourself and let Irene Heinz, League Coordinator aware of your interest.

**Course Closed after
Wednesday October 10th.**

**Clean-up Day
Thursday October 11th**

Your volunteer golf maintenance group will be hard at work putting the course to bed for the Winter. When you see them please give them a big thanks! Here is Craig Child and Jeff Drayton who worked tirelessly to improve the sprinkler system throughout the summer.

Men's Golf at Braestone

There is a new champion for the Men's Away Group . Over 25 golfers battled for the title. For the first time the honour of being the champion goes to Marc Bertrand who played against Carlos Cordeiro on the final day. Marc admits that Carlos had brought his "A" game and it was a tough match. The Men's Away Group Trophy is in honor of the late Ernie Smigelski. Ernie was a long time resident at 214 Bayshore Drive and was an integral member of this group.

Marc also had an exciting golf year in that he experienced his first "hole in one" on hole #5 at Bayshore. We sure enjoyed the free beer the next week at the Wednesday evening golf scramble.

A second trophy went to Brad Dutot who had the highest points in the playoff matches based on his quota. This trophy was started in honour of George Woodruff who volunteered many hours to Bayshore and to the golf community. He was considered a "friend to all".

Youth Golf:

We were not successful in getting a league for youth going this year. We are still hoping to have a parent or grandparent be the lead in this venture. Our Superintendent is committed to giving some time next year to developing a Junior Program here in Bayshore. It would likely be directed to children ages 12– 17 participating in a structured program that teaches them the game and necessary etiquette to be responsible and respectful players on our course. If there are already some accomplished junior golfers in Bayshore, we would love to hear from them and perhaps they could help in being an ambassador for this program.

All in all we want the course to get as much use from as many Bayshore residents as possible.

The rewards of golf, and of life too I expect, are worth very little if you don't play the game by the etiquette as well as by the rules.

Bobby Jones
