

Happy Hour Mixers

2021

Due to popular demand HAPPY HOURS ARE BACK!

Remember back when friends could mingle and socialize with old friends and meet new ones outside their homes? Well, the Social Committee is bringing them back on Fridays at 4pm using Bayshore backyard decks and patios so we can get people together again.

For this to work, we need participation and Hosts offering their backyards. All the Host has to do is provide comfortable chairs, socially distanced apart, for about 8 guests maximum so a pleasant hour or so of chatting and socializing can begin. Everyone is in charge of their own drinks and snacks. If there is rain on the Friday, the Happy Hour for that week will be cancelled.

Those of you who participated last year will automatically be part of the Happy Hour Mixers for 2021. If you are interested in participating in the Mixers, or want to drop out of the list, all you have to do is email now to Wendy Lucas at glenn.lucas@sympatico.ca, Subject: Happy Hour Mixers, with your name, address, phone number and email. Wendy will set-up who the Hosts are, and who the Guests are on the given Fridays and will email back the details.

Depending on the Covid restriction numbers, the first Happy Hour Mixer could be ***THIS FRIDAY at 4pm*** and could continue with a different mixing of people all summer.

Watch for the email letting you know YOUR mixer details!!
